Summer School Policies

Attendance School days are Monday through Thursday for each session. Regular attendance is crucial for the educational impact of these condensed sessions. Parents should choose the session that best fits into their summer schedule. A student should not be absent for no more than 2 days during a particular session if the student is working to increase a previously earned grade. Any student absent for more than four days will be dismissed from the session. In all cases of absence, a parent/guardian should contact the school on or prior to the day a student is absent.

Tardies Instruction blocks begin at 8:00am and 10:00am (if only attending the later block) each school day. Tardiness affects not only those who are late to school, but also the teacher and the students who did arrive on time. A consequence will be given for each tardy earned during the session. After four tardies the student will be dismissed from the session.

All other School Policies, Standards of Conduct, and Dress Code rules apply to the summer sessions, as outlined MBS Handbook. The Statements of Cooperation signed by both the student and parent/guardian(s) for the 2009-10 school year will also apply to the summer program. The students will also be informed of any particular classroom rules at the outset of each session.
